

WEST SOMERSET RAILWAY PLC

Board Director Advertisement

"The West Somerset Railway PLC is in the process of restructuring its Board in order to be able to meet the commercial, financial and business challenges and opportunities associated with running a heritage railway over the next few years.

Significant progress has already been made in appointing existing Board members to new Director portfolios. The PLC now wishes to complete this process by recruiting experienced and capable individuals to the Board to undertake responsibilities in the following areas:

- Volunteer Development
- Marketing
- Inward Investment
- Safety Audit
- Human Resources

These are all voluntary positions. Some expenses are reimbursed in line with Company policies.

The West Somerset Railway is one of Britain's leading heritage lines and is working on a number of exciting and interesting projects designed to maintain the WSR as a major tourist and preservation attraction in West Somerset. The PLC approved its 10 year Corporate Plan in 2014 and is looking to strengthen the Board with people with the right leadership, strategic and other skills to complement those of existing Directors.
