UPDATE

REFORM GROUP NOW HAVE
THE SUPPORT TO CALL FOR
REMOVAL RESOLUTION

Dear WSRA Member

The WSRA Reform Group are delighted to be able to say that in a little over a week, we have received sufficient sign-ups to oblige the WSRA to put the new resolution calling for the removal of all 6 presently-active WSRA Trustees.

As of yesterday, **336** WSRA members had signed up, comfortably in excess of the 311-odd required. With post still coming in, we expect to exceed 400 sign-ups imminently.

There are a number of encouraging features apart from the speed which this has been achieved;

- (1) A significant proportion of those signing-up had not signed-up to the previous EGM motions.
- (2) We have already received £2,200 in donations toward the ca. £3,000 cost of the membership mailing we will need to make.
- (3) The messages of support we have received make plain how incensed many WSRA members are at the contemptuous actions of the WSRA Trustees towards

the concerns of the membership. We intend to publish a selection of these comments on our website.

We will keep you informed as to the total sign-ups received.

What next?

The Reform Group are now turning our minds to using this opportunity you have created to put our Association back on the right track for the future and we will keep you informed of the steps intended and the help YOU can give.

Important dates for your diary might be:

27 June 2015	WSR plc AGM
25 July 2015	WSRA AGM
